**Key Operated Switches**

**2 Position - SRL Series**  
5A @ 115V ac, 3A @ 50V dc

- Silver plated brass contacts
  - Spare keys are available for common key profile
  - Each keyswitch is provided with two keys, random or common profile
- Proof voltage 750V dc      Insulation resistance 100MR  
 Current rating (non switching) 5A      Contact resistance 20mR max.  
 Operating life >50000 ops      Operating temperature -20°C to +65°C  
 Indexing 90° (SPDT), 60° (DPDT)
- Mfrs. List No:

**2 Position -Y Series**  
2A @ 250Vac, 4A @ 125Vac/30Vdc

- SPCO or DPCO contacts
  - 4 tumbler lock, 90° indexing
  - Supplied with 2 standard keys
  - Zinc alloy body with stainless steel face
- N.B. Keys offer level 1 security and are interchangeable with all Y series key switch locks
- Depth behind panel=28.8  
 Maximum panel thickness=4.95

**3 Position - P2/3-TMA-1473**  
2A @ 250V ac, 4A @ 125V ac, 10A @ 12V dc  
Ideal for 'Off' - 'Test' - 'Set Alarm' applications

- Key removable in all 3 positions
- 5 disc tumbler lock, 90° indexing
- 3 sets of N/O contacts, one set makes in each of the 3 positions, break-before-make
- Supplied with two keys, random selection (2000 variants)
- Switch lock protrudes from switch body by 0.05mm
