'Triad 10' Crimp Plastic Shell Bayonet Coupling

A low cost range of lightweight circular connectors suitable for automotive, medical or portable equipment. The easy grip housings have 5 polarising key ways to ensure correct polarisation and are manufactured from black self extinguishing thermoplastic. Gold or tin plated crimp contacts simply click directly into the housings.

The backshell can be fitted to the free and in-line housings or to the rear of the panel housing. 'Triad 10' plastic housing faces are also interchangeable with 'Triad 20' metal housing faces. All components are marked with the manufacturers list numbers and supplied with individual assembly instructions. Electrical and mechanical specifications generally conform to MIL1344 and MIL202 standards. UL and CSA approved.

Contact rating	see contact spec.	Temperature range	-55°C to +105°C
Dielectric strength	1500V ac	Housings	Black thermoplastic, UL94V-1
Insulation resistance	5000MΩ		

FOR SUITABLE CRIMP CONTACTS & TOOLING SEE PAGE 297

CM230X

Free Housings

Suitable for mating with panel or in-line housings. Easy grip coupling, coarse thread and anti-vibration lock assist rapid coupling and decoupling.

	Shell Size	Coupling Diameter (max.)
Plug length = 34.0	11	25.4
Socket length = 29.0	17	34.5
	23	44.5

Mfrs. List No. Txx10-yyz, where xx = shell size, y = P-pin, S-socket and zz = No. of ways.

- Note:** Free plugs only mate with panel and in-line sockets.
Free sockets only mate with panel and in-line plugs.
