## Daylight Filament Lamps

### Daylight Simulation

- Daylight simulation reduces eye strain and results in less glare and perfect colour matching qualities
- Ideal for any long term viewing applications
- Can replace most conventional lamps

## Low Voltage Tungsten Halogen Lighting

### Dichroic Lamps Open Face and Enclosed

L = 44.5 max., Dia = 51 max.

- Excellent colour rendition
- Ideal for accent lighting
- Suitable for all interior display applications especially heat sensitive displays
- Open face and enclosed versions available
- Enclosed version protects the reflector and filament bulb from pollutants and finger prints

## Mains Voltage Tungsten Halogen Lighting

### Osram Halopar Low Voltage Tungsten Halogen

- Overcoming the need for transformers, the Halopar reflector lamps offer the advantages of tungsten halogen light but operate directly from the mains supply
- Available in aluminised reflector or dichroic reflector
- Available in spot or flood beam angles
- Halopar 16 only available in flood and only with a GZ10 base

HALOPAR	Reflector	Wattage	Base	Beam	Order Code
HALOPAR 16	Aluminised reflector	50W	gz10 base	flood	317-8377
HALOPAR 16	Dichroic reflector	50W	gz10 base	spot	317-8389
