

General Purpose - Maintenance Sprays & Compounds — continued

Cold Galvanise Corrosion Inhibitor

- 95% zinc-rich galvanised coating
- Commonly used as a flash rust preventative on welded areas
- Works like a hot-dip on ferrous metals indoors and out
- Three year protection
- Withstands water temperature up to 100°C and continuous dry heat up to 400°C
- Flexible coating will not yellow, chalk, crack or peel
- Electrochemically protects bare metal

Strong Steel Stick Renewal Composite

- Hand kneadable ready to use stick for fast emergency repairs
- Hardens like steel in 20 minutes
- Can be machined, drilled and painted in 30 minutes
- Plugs and seals leaks
- Permanently fill gaps and holes in metal, concrete, wood, fibreglass and ceramics
- Patches holes and cracks in pipes, drums and tanks
- Can be used in underwater repairs

Strong Aluminium Stick Renewal Composite

- Hand kneadable ready to use stick for fast emergency repairs
- Hardens in 10 minutes
- Can be machined, drilled and painted in 60 minutes
- Permanently fills gaps and holes in aluminium
- Repairs aluminium castings, engine blocks, pipes, pumps, tanks and industrial machinery
- Can be used on underwater parts

Light Oils

Contact 'Duck Oil'

- Multi-purpose service spray
- Use as a light lubricating oil
- Low viscosity penetrates tight tolerances to release seized components
- Contains special additives to rapidly displace water from metals and electrical circuits
- Cleans and protects electrical and metal components
- Inhibits corrosion on metal surfaces
- Silicone free

3-in-One

- 3-in-one multi-purpose oil
- Cleans, lubricates and prevents rust
- Suitable for general use
- 100ml and 200ml flexi cans supplied with plastic spout
- 725-080 contains (CO₂)

Warning: Flammable contents, do not use on live equipment or near any source of ignition, use in a well ventilated area.

- Please check with Sales Office for availability

200ml Flexi Can	725-079				

Multi-Purpose Oil

- Light machine oil
- Contains both solvents and greases
- Lubricates, cleans and gives protection against rust and corrosion
- Reduces wear and friction
- Supplied in 250ml tin with dispensing spout

For suitable oil dispensers see the Hand Tools Section

Clear Mechanical Oil

- Clear multi-purpose, low viscosity mechanical oil
- Blend of highly refined mineral oils and molybdenum disulphide
- Combines outstanding penetration characteristics with exceptional shelf life and lubrication efficiency
- Water resistant
- Ideal for high temperature and extreme pressure applications
- Valve prevents leakage of carbon dioxide propellant if can is inverted
- Supplied with extension tube for difficult to reach areas
- Contains CO₂

200ml Aerosol

Operating temperature -12°C to +125°C

Warning: Flammable contents, do not use on live equipment or near any source of ignition, use in a well ventilated area

Cleaners & Degreasers

Electro 140 °Contact Cleaner

- Suitable for precision cleaning
- Controlled evaporation with low odour
- Safe to use on most surfaces – may be harmful to some plastics
- Non conductive
- Superior wetting and penetrating action
- No rinsing and no residue
