Farnell

Line Cords – Plug to Spade

- A range of cords with a line plug at one end and spade terminals suitable for 3.5mm studs at the other
- Available in either black or ivory coloured PVC outer sheathing
- Free end has individual conductors stripped back to a length of 60mm

8/8	Black	**.106-332**					

RJ-11 and RJ-45 Modular Cable

- RJ-11 and RJ-45 modular cables are all-purpose cables for voice and data applications running at up to 1 Mbps.

Conductor Gauge	28 AWG	Connectors	6-wire; and 8-wire	
Mutual Capacitance	72.2 pF/m	Maximum Distance	As per equipment	
Outside Diameter	0.89 mm		specifications	
Resistance	15 ohms/100 m	Pinning	Straight through	

Note: Not recommended for Token Ring or Ethernet applications

Ethernet Cable Enhanced Cat 5

Twisted Pair Patch Cables

MH CONNECTORS

- Delivers stable performance to 305MHz, with electrical characteristics exceeding **TIA/EIA** Category 5 standards
- Moulded strain relief ensures connection keeps cable within **CAT 5** bending radius
- Exclusive 05A short body RJ45 plug ● Belden tested and certified

Outlet Sockets

Mod-Snap™ Modular Outlet System3

MOD-TAP A **modex** company

- A range of snap-together outlets for voice and data communications.
- Socket modules are available for several popular connection systems including BT voice and RJ45 jack sockets
- These modules snap into single or double face plates allowing a choice of up to four sockets to be mounted in a double wall box
- Blank modules are available to fill unused cut-outs
- By punching the appropriate cut-out, non-standard connectors may be fitted to blank modules
- Face plates are white and fit standard **BS4662** boxes
- Some jack modules are fitted with 24 AWG solid wire tails. IDC blocks are available to connect these to floor wiring, they accept conductors between 22 to 26 AWG

Face Plates

Type	No. of 25mm slots	Mftrs. List No.	Order Code
Single width	2	42-312-02	292-928
Double width	4	42-314-02	292-930

Modules and Termination Blocks
