

Miniature & Portable Printers — continued

40 Column Dual Colour Impact  
High Speed, 1.6 lines/sec

CITIZEN

H = 111.5, W = 240, D = 231.5

- RS232C/TTL/20mA current loop or Centronics input versions
- Integral paper roll holder
- A lightweight impact dot matrix printer particularly suited to issuing receipts or for data recording
- Printer produces Red/Black 40 column print on to standard 70mm plain paper roll
- The unit is mains powered.
- Serial printer has an interface compatible with RS232C, TTL or 20mA current loop signals
- Parallel printer has a standard Centronics parallel interface.
- Uses cassetted ribbons for quick changing

Print speed	1.6 lps	Life (approx.)	1,000,000 lines
Line feed speed	6.2 lps	Weight	2.3 kg
Input buffer	1 line	Operating temp. range	+5°C to +40°C
Ink supply	Replaceable red/black ribbon cassette	Power supply	230V ac
		Power consumption	35W

Mfrs. List No: 562S = 256-500, 562P = 256-511

OC140

	Order Code	Price Each				
		1+	5+	25+	50+	
Serial printer	256-500					
Parallel printer	256-511					
Ink ribbon	291-882					
		1+	20+	60+	120+	240+
Paper roll	177-307.					

Spares for Obsolete or Discontinued Printers

	Order Code	Price Each
P40 Thermal paper, 5 rolls	175-984	
Ribbon, red/black PU262/PU262A	308-298	

Data Switches

2 Way 4 Way and Crossover

Manual  
H = 60, W = 155, D = 120

Automatic  
H = 25, W = 104, D = 85

Manual

- Fully shielded metal case
- Gold plated connector contacts
- Heavy duty rotary feet
- Available in 2, 4 way and crossover

Automatic

- Powerful ASIC chip auto controlled
- No power required
- Compact size
- Automatic or manual switch selectable

Switch Type

<b>Serial and all Auto models:</b>	Terminated with 25 way female 'D' connectors
<b>PS2 Monitor/Keyboard:</b>	Terminated with 15 way female high density 'D' plus 6 way female mini DINs
<b>PS2/AT Monitor/Keyboard:</b>	Terminated with 15 way female high density 'D' plus 5 way female DIN
<b>RJ 45 Network:</b>	Terminated with 8 way RJ 45 female connectors
<b>Parallel Centronics:</b>	Terminated with 36 way female centronics connectors

Note: Not all lines are connected

Manual Data Switches (T-Switches) 2, 3, 4, way & crossover

- Parallel and serial units for interfacing computers to a number of printers, terminals etc.
- Units are bidirectional and switch all lines
- Connections are made via 25 way 'D' type sockets with integral female screw locks for serial types or Centronics 36 way sockets with integral bail locks for parallel types
- Connectors are mounted on the rear of the unit
- Housed in sturdy beige coloured metal cases
- Line switching is achieved by a high quality rotary switch
- Two, three and four way switches connect the selected port to a common port
- Crossover units transpose two inputs between outputs.

Note: All lines are connected on these switch boxes
