### Surface Mount Kit

- Comprehensive kit comprising 12 desoldering tips
- Designed to fit most surface mount component outlines (see below)
- Suitable for CS, TCS, XSD, XSTC, TC50 and SD50 irons

H = 17 (excl. tips), W = 65, D = 119

## Antex Soldering Stations

### 660 TC

- Temperature controlled soldering station 65° to 450°C
- Thumbwheel potentiometer setting
- 'Power On' and 'Power to Iron' indication
- Supplied with TC50, 50 watt soldering iron and ST6 bench holder
- Can be used with optional TC25 25 watt soldering iron
- Available with UK and European plug fittings
- Uses 1100 series tips

### 690 SD

#### Static Dissipative

- Temperature controlled soldering station 65° to 450°C
- Static dissipative
- Digital readout with choice of many languages
- Multi-programmable with 2 memory settings
- Lockable settings with PIN security
- °C or °F readout
- Dial in bit selection for accurate offset
- Diagnostics
- Supplied with SD50 50 watt static dissipative soldering iron and ST6 bench holder
- Available with UK and European plug fittings
