

Three sizes of clear hinged boxes for general storage applications, ideal for use as samples boxes for small electronic components (non-static sensitive), or for general storage applications. The boxes are small and lightweight, making them suitable for use in a Sales/Service Engineer's case.

Two-piece hinged acrylic shell construction with a positive action snap-shut lock.

## Storage Box

A simple and convenient method for storing surface mounted devices. Each box houses 60 clear plastic phials held in a foam base and supplied with 81 self-adhesive labels. The box has a transparent hinged lid with a firm snap-shut action and a pale green shell.

Manufactured in high impact polystyrene.

Replacement phials available in packs of 10 including 20 labels.

**Please Note:** Not suitable for static sensitive devices
