

## Workshop Vice

H = 150, W = 135, D = 280  
Jaw width = 102 (4")

- 4" high quality bench vice
- Pipe vice and anvil
- Cast from close grained iron

Jaw Width	Jaw Opening	Jaw Depth	Overall Height	Overall Width
150	210	115	277	235

## Universal Mechanics' Bench Vice

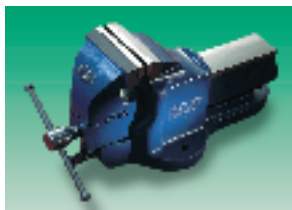

- Made from high-grade cast iron
- Jaws can be indexed through 360° to select positions manually every 45°
- Mounted on swivel base
- Maximum jaw opening 125mm
- Built-in pipe vice jaws and anvil back

## Fitters' Vice Quick-Release

- Designed for fitting, filing and large assembly work
- Standard equipment for many industrial and training workshops
- Quick-release mechanism enables rapid movement of the slide
- Ideal for use in repetitive work situations

## Drill Vice

- Quality precision clamps
- Cast in gray iron
- Two start rolled acme thread
- Vertical V-grooved jaws
- Available in three sizes

	DMDPV2	DMDPV3	DMDPV4
Jaw opening	64	75	110
Jaw width	75	106	115

## Milling Machine Vice

- Rigid, strongly constructed, low stature vices
- Ideal for use with milling machines and drill presses
- Supplied with 2 clamp-down nuts and strong handle
- Fully-enclosed leadscrew

- Non-working surfaces are smoothed and painted
- The 160 has correct mounting for standard machines; 160S suitable for Bridgeport machines
