

Workstation Equipment — Continued

Earth Bonding Point Plugs

- Safe and convenient to use
- Utilises mains earth as 'ground'
- 1MΩ resistor in all stud connectors, except 936-868
- Insulated live and neutral pins
- Choice of terminations
- Conforms to IEC 61340-5-1

Earth Bonding Point Boxes

- Common grounding point
- 3 termination options
- 2m earth lead supplied
- M5 ring terminals
- 1MΩ resistor in each termination
- Screw mountable
- Conforms with IEC 61340-5-1

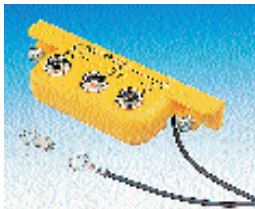

H = 20, W = 70, D = 67

Slimline Earth Bonding Point Bars

- Pre-mounted screws with retaining washers
- Fitted with 1MΩ, 1 Watt resistors
- Made of ABS with ultrasonically welded back cover
- Printed to show 3 press studs as standard

This slim Earth Bonding Point bar is designed to provide an ESD wrist strap bonding point at the workbench. It is slimmer than any EBP, and this feature allows fitting underneath bench tops with narrow edges. (Due to its narrow width it is not possible to connect banana sockets and is therefore designed for when stud connections are required.)

STA133

Terminations	Mfrs. List No.	Order Code	Price Each		
			1+	10+	50+
3 10mm studs	J6603	<b>302-6553</b>

3 4mm studs	J6605	<b>302-6577</b>			

Earth Bonding Point Bars

- Common grounding point
- Tough ABS construction
- Screw fixed to underside of bench tops
- 2m earth cord, M5 ring terminated
- In-line 1MΩ resistor for each termination
- 2 termination options
- Conforms to IEC 61340-5

Mfrs. List No.  
J6503Y = 433-147, J6505Y = 433-159, J6510Y = 433-160

Earth Bonding Point Cord for Mats and wrist straps, 2m

- Ideal for use with static dissipative mats
- 1MΩ embedded resistor
- 10mm press stand socket attachment
- 2 4mm sockets for wrist strap connection
- 4mm plug termination
- Crocodile clip and 10mm press stud adaptor supplied
- Conforms to EN100 015-1

Earth Facility Bracket

- Common grounding point
- M5 ring binding post, or 10mm stud earthing point
- 2m earth lead, M5 ring terminated
- Spare M5 ring terminal supplied
- Conforms to IEC 61340-5-1

H = 47, W = 50, D = 28

10mm stud	JB315	<b>168-397</b>			

Universal Earth Bonding Point Box

- Accepts 4, 7 and 10mm snap fasteners, banana plugs and 3M GSGS connectors
- Compatible with all European Grounding Systems
- Grounds 2 wrist bands at the same time
- Mounts to any flat surface

STA96

Common Point Grounding Systems

Wrist Strap Grounding Point

- 2 4mm socket terminations
- Supplied with 3m ground cord
- Mounts under most work stations

General Purpose Grounding Point

- 6 terminal strip grounding points
- Protective cover
- 3 cable clips
- Ground cord includes 1MΩ resistor

75mm Width Floor Marking Tape, 33m Roll

- For boundary marking ESD protected areas
- Highly visible
- Adheres to carpets or solid floors
- Hard wearing
- Supplied on 33m rolls, 75mm width
